Dear grieving community of the Pontifical University of John Paul II!

On behalf of the Woolf Institute, I am writing to express our condolences at the passing of your most honourable Rev. Prof. Dr. Hab. Michał Drozdz, the Dean of the Faculty of Social Sciences at the Pontifical University of John Paul II in Krakow, Poland.

Although I never met Father Drozdz in person, I know from friends and colleagues in Poland that he was a well-loved academic leader and respected scientist.

May Father Drozdz's memory be for a blessing.

The Woolf Institute is honoured to have developed an association with the Pontifical University of John Paul II and we are grateful for Father Drozdz's support. He leaves a wonderful legacy.

Our thoughts and prayers are with you during this devastating time.

In sympathy,

Yours sincerely

Dr Ed Kessler MBE
